ATTAR is both an AINDT Qualifying Body and an RTO. This means that ATTAR may train and assess in accordance with two systems:

- Australian Standard: AS3998 / AS3669 / AS4635 and
- Australian Qualifications Framework (AQF) & Australian Quality Training Framework (AQTF)

While the Training Course content for both systems is the same, the manner in which evidence of competency and assessment are conducted is different. It is important to note that a Student may successfully complete an ATTAR Training Course in accordance with the AQF, however may fail to successfully complete the Assessment requirements in accordance with AS3998.

I have read and understand the Student Handbook supplied with this Enrolment form

Radiation Safety	Math <sup>1</sup>
Industrial Radiography	Radiation Safety License Math <sup>1</sup>

<sup>1</sup>Algebra & Trigonometry Maths pre-requisite worksheets can be located at [www.attar.com.au](http://www.attar.com.au) or contact ATTAR if you require them to be sent by hard copy.

The Student listed above hereby declares that: (Please tick the course you are enrolling in)

**Radiation Safety:**

- a) I understand that this course requires maths knowledge.
- b) I have completed the Maths Prerequisite Worksheets<sup>1</sup>, and may be required to present them to ATTAR.
- c) I understand that on the commencement of the course I will be examined on my basic maths knowledge to confirm suitability to attend the course, and may be removed from the course if my knowledge is deemed inadequate.

**Note:** Due to significant variations in legislature between Western Australia and the other states, the Radiation Safety course held in Western Australia is focused towards meeting the requirements of the WA Radiological Council. Only in WA is the WA Radiological council examination held by default. Should you require a WA Radiological council examination outside of WA please attach a completed Request for Examination form with your course enrolment. Additional study will be required for this examination and will not be conducted in the classroom during the Radiation Safety Course.

I have attached a Request for Examination Form to sit the WA Radiological Council Examination.

**Radiography Level 2:**

- a) I understand that this course requires maths and current Radiation Safety knowledge.
- b) I have completed the Maths Prerequisite Worksheets<sup>1</sup>, and may be required to present them to ATTAR.
- c) I understand that on the commencement of the course I will be examined on my basic maths and Radiation Safety knowledge to confirm suitability to attend the course, and may be removed from the course if my knowledge is deemed inadequate.
- d) I understand that I must supply a current Film/OSL/TLD badge for the duration of the course.

I have attached a copy of my Current Radiation Safety Licence<sup>2</sup>

<sup>2</sup>Radiography Level 2 enrolments will not be processed without a copy of a current Radiation Safety Licence.
