

# Non Destructive Testing Training

ATTAR is an Australian Institute for Non-Destructive Testing (AINDT) Authorised Qualifying Body conducting NDT Training AND Examinations to AS 3998-2006/ISO 9712:2005 Non-destructive testing – Qualification and certification of personnel, in Liquid Penetrant Testing (PT), Magnetic Particle Testing (MT), Ultrasonic Testing (UT), Radiography (RT) and Eddy Current Testing (ET). Where applicable all courses meet or exceed requirements of AS3669 and SNT-TC-1A. Courses available include the following:

## Liquid Penetrant Testing

- Level 1, 16 hours minimum duration.
- Level 2, 40 hours minimum duration.

## Magnetic Particle Testing

- Level 1, 24 hours minimum duration.
- Level 2, 40 hours minimum duration.

## Ultrasonic Testing

- Level 1, 40 hours minimum duration.
- Level 2, 80 hours minimum duration.

## Radiation Safety

- 40 hours minimum duration.

## Industrial Radiography

- 80 hours minimum duration.

## Eddy Current Testing

- Level 1, 40 hours minimum duration.
- Level 2, 80 hours minimum duration.

## Magnetic Flux Leakage

- 40 hours minimum duration.

## Phased Array Ultrasonics

- Introduction, 40 hours minimum duration.
- Level 2, 80 hours minimum duration.

AINDT accepted examinations are conducted at the end of each course and these are included in the course price.

## ATTAR also offers other courses such as:

### Introduction to Non-Destructive Testing – A Hands on Experience

Of three days duration, these courses show the advantages and limitations of the main NDT methods. Suits engineers or supervisors who need to know more about the subject.

### Multi-Sector

A Materials Engineering course of 40 hours covering Welding, Casting and Forging in preparation for the Multi-Sector industrial Sector examination available for PT2 and MT2.

Tailored Courses to meet your specific requirements can also be provided.

Courses are run regularly in Melbourne, Perth and Adelaide. See our Course Schedule brochure or website [www.attar.com.au](http://www.attar.com.au).

On site training is also available. Call for a quote.
