## PRE-REQUISITE INFORMATION – for ISO 9712 TRAINING AND ASSESSMENT

- Math – Basic Math Skills including Algebra
- Materials Technology (or a knowledge of materials processes)

### The Student listed above hereby declares that:

#### Ultrasonics Level 1:

- I understand that this course requires basic maths knowledge, Materials Technology (or a knowledge of materials processes).
- I have completed the Maths Pre-requisite Worksheets located at [www.attar.com.au](http://www.attar.com.au) or included in the Training Pack and may be required to present them to ATTAR.
- I understand that on the commencement of the course I will be examined on my basic maths knowledge to confirm suitability to attend the course and may be removed from the course if my knowledge is deemed inadequate.
- This course is a minimum 56 hours in duration. This consists of a 40-hour classroom component and a 16-hour distance learning component. The course notes and training materials for the 40 hour class room component shall be given upon arrival at the ATTAR training centre location. The training material for the distance learning along with your online log in for the remote learning assessments will be emailed you after successful enrolment on the course with at minimum one week to complete.
- Some candidates may be eligible to obtain a credit of 16 hours for the distance learning component of the course. For this, the candidate must hold a current ISO9712 multisector certification or have completed the Materials Technology (multisector) 40 hour training course or other recognised material engineering study, for example, tertiary study in a related science or engineering field.

#### Equipment:

ATTAR is able to supply all equipment requirements for the above courses; however, some students prefer to be trained and assessed on their own equipment. Please indicate below if you would prefer to bring your own equipment.
